Located inside Greenville Shriners Hospital, Pediatric Orthotic and Prosthetic Services- Southeast, LLC (POPS-Southeast) fabricates thousands of new orthopedic devices each year.

The experienced and certified POPS- Southeast staff specializes in the fabrication of custom-fit orthotics and prosthetics in a kid friendly environment. They use state of the art componentry and offer numerous designs and colors for children who want to customize their devices. Whether it’s a cartoon, super hero, or sports team, POPS-Southeast can give the orthotic or prosthetic device the appearance the child desires.

POPS- Southeast Services:
- Upper and lower orthotic and prosthetic services
- Spinal orthotic services
- Available for wide spectrum of pediatric orthopedic conditions such as congenital and acquired deformities, disease, infection, and trauma
- For infants to age 18 years

Convenient In-house Location:
- Vital Part of Multi-disciplinary Approach to Patient Care
- Immediate consultation between POPS- Southeast staff and Greenville Shriners Hospital medical, nursing, rehabilitation, radiology, and child life staff regarding any questions or concerns patients and families have.
- Option for seamless transition from the Greenville Shriners Hospital’s outpatient clinic to POPS- Southeast for their prosthetic and orthotic needs.

The caring and compassionate staff members of POPS – Southeast are all certified by the American Board for Certification in Orthotics, Prosthetics, and Pedorthics. They regularly attend continuing education seminars to stay up-to-date with current practices and techniques.

*POPS – Southeast, LLC is a subsidiary of Shriners Hospitals for Children. All Greenville Shriners Hospital patients and families are given options on where they can receive their prosthetic or orthotic care.
